INSTITUTES FOR VOCATIONAL TRAINING

Call for Participation in the Competition of the Dr. Adalbert-Kitsche Foundation for the prize award

DIE EUROPA

The prize "DIE EUROPA" will be awarded this year to projects which are aimed particularly at promoting disadvantaged populations.

"DIE EUROPA" prize of the Adalbert Kitsche Foundation of the EVBB is a female body about 50 cm tall & winged, standing on the European part of the globe with the imprint "EUROPE TERRANOSTRA" (Europe our country, our homeland). The head of the body is modelled like the head of a peace dove. The sculpture was cast in fine bronze. The artist Ladisław Dryak wanted to use the sculpture to express the idea of a peace-creating, free-to-air Europe. The wings of the sculpture want to protect this idea and carry it into all countries of Europe.

The prize will be awarded on occasion of the International Annual Conferences of the European Association of Institutes for Vocational Training and is project related. A qualified jury determines the winner according to pre-determined evaluation criteria.

Projects submitted in 2019 will be evaluated and awarded in 2019.

It is in the sense of the founder and the association that especially projects for the disadvantaged will be proposed for the award.

All submitted projects receive certificates for successful participation in the competition.

The jury determines its assessment according to the following criteria:

Cooperations

With which partners from which countries is the project implemented?
Name of responsible and executing project coordinator

New markets

What new markets are being developed by the project (European, other markets)?

Follow-up projects

Are follow-up projects foreseen or are new projects made possible by this project (exemplary function / transferability of the project)?

Quality assurance

Fulfilling the minimum requirements of the EVBB quality criteria

Social aspects

Does the project contribute to an improvement of the situation of disadvantaged people?
Causes, nature and extent of the disadvantages of the target group (social conditions, eg single parents / fathers, school conditions, eg lack of vocational training, dropouts, unemployment, illness)

Public Relations

Publications in the press and other media, (Internet, exhibitions, presentations, eg EVBB conferences, competitions)

All projects submitted will participate in the contest, if not otherwise requested. The invitation to the presentation of the project at the annual conference takes place according to the content and does not constitute an assessment.

Take advantage of the opportunity for public relations and bring flyers, posters, brochures, rollups or anything else to the conference!
